

Anupama Panigrahi

Research Summary:

I am continuing research on Zero-sum problems and related areas. Also trying to study some deeper aspects of Additive Number Theory. Discussions with Prof. R. Balasubramanian and other researchers at ICTP was very helpful and inspiring. I Already have some new results and hoping to solve some open problems soon.

Conference/Workshops Attended:

1. *International Conference on “Number Theory”*, HRI, India, December, 2006.
2. *International Conference on “Number Theory and Cryptography”*, HRI, India, February, 2007.
